

G&G CONNECT

Powering a Sustainable Future
Solar Energy & Technology Solutions Provider

ABOUT US

G&G Connect is a trusted solar energy solutions provider delivering reliable and cost-effective renewable energy systems for residential, commercial, industrial, and government sectors across the Philippines. Established on October 4, 2021.

We specialize in the design, supply, installation, commissioning, and maintenance of Solar Photovoltaic (PV) Systems, helping clients reduce electricity costs, achieve energy independence, and support environmental sustainability. Our solutions include grid-tied, hybrid, and off-grid solar systems tailored to meet the unique requirements of each project.

Backed by experienced engineers, project managers, and technical specialists, G&G Connect is committed to providing high-quality workmanship, dependable service, and long-term value. We partner with reputable global manufacturers to ensure that every solar installation is built with reliable, efficient, and future-ready technologies.

Beyond solar energy, G&G Connect also offers integrated auxiliary systems such as CCTV, access control, public address systems, structured cabling, intercom, PABX, FDAS, and internet (Wi-Fi access point) solutions, allowing us to provide complete technology infrastructure for modern facilities.

COMPANY'S VISION

To be the most trusted provider of solar energy and technology solutions, empowering communities and businesses through sustainable innovation.

COMPANY'S MISSION

- Deliver high-quality solar energy solutions designed to maximize efficiency, savings, and long-term return on investment.
- Provide reliable products, professional engineering, and complete installation services backed by skilled technical teams.
- Promote renewable energy adoption by offering sustainable and cost-effective solutions that reduce carbon emissions.
- Build long-term client relationships through integrity, expertise, and consistent after-sales support.
- Continuously improve our systems and services to meet evolving energy and technology needs.

OUR CORE VALUES

Excellence

We uphold the highest standards in engineering, installation, and customer service.

Integrity

We conduct business with honesty, transparency, and professionalism.

Innovation

We embrace advanced technologies and continuous improvement to deliver better solutions.

Customer Focus

We prioritize our clients' needs and strive to exceed expectations.

Sustainability

We support environmentally responsible practices through renewable energy solutions.

SERVICES OVERVIEW

Solar Energy Solutions

- Hybrid Solar PV System
- Grid-Tied Solar PV Systems
- Off-Grid Solar PV Systems
- Solar Street lights
- Solar Stud / Road Stud Lighting Systems
- Preventive Maintenance and Technical Support

Auxiliary Systems

- CCTV Surveillance Systems
- Public Address Systems
- Structured Cabling Systems
- Wireless Internet (Wi-Fi Access Point) Systems
- Access Control Systems
- Fire Detection and Alarm Systems (FDAS)
- Intercom Systems
- PABX and Communication Systems

*Driven by Quality,
Powered by Trust*

WHY CHOOSE G&G CONNECT?

- ✓ Experienced Solar Engineers and Installers
- ✓ Nationwide Project Capability
- ✓ Quality Products from Trusted Manufacturers
- ✓ Customized System Design and Engineering
- ✓ Reliable After-Sales Support
- ✓ Competitive and Cost-Effective Solutions
- ✓ Commitment to Safety and Quality Stand

After-Sales Support

- Preventive maintenance services
- System troubleshooting and repair
- Performance monitoring
- Warranty assistance and support
